Homework 4
Algorithms Analysis and Design (501435-3)
Spring 2021
Due: Saturday April 8, 2021, 11:59 pm via Blackboard

- Exercise 22.1-3
- Exercise 22.2-1
- Exercise 24.3-1

- Use Dijkstra's Algorithm to find the shortest path between the source node (node 3) and destination node (node 5) in the following directed weighted graph.
